

Connect Soft Modular Sofa Cushion

“The Connect Soft Modular Sofa is a seating system, rooted in the idea of uncovering the perfect proportional connections between the different components within a sofa. Designed with a deep, low seat, loose upholstery and an inherently soft filling, the Connect Soft Modular Sofa is at once elegant and contemporary—a sentiment that is echoed through its small feet underneath for a hovering expression while its box stitching infuse it with a modern touch. The design adds a geometric and elegant perspective to the archetypal modular sofa, paired with an ultra-soft comfort for hours of lounging.”

— Anderssen & Voll

Designed by	Anderssen & Voll
About the Designer	Anderssen & Voll are two thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Lithuania
Preassembled	Yes.
Description	The Connect Soft Modular Sofa brings together elegant and geometric proportions with a deeply inviting comfort. With its minutely-shaped forms, characterful corners and inherently soft seat, the Connect Soft Modular Sofa acts as the heart of any space while its modularity allows for its user to tailor the design to their exact taste and space.
Material	Upholstered in textile from Kvadrat or Rohleder.

Connect Soft Modular Sofa Cushion

Cleaning & Care

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We advise visiting Kvadrat.dk, Nevotex.dk, Maharam.com or Gabriel.dk for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather:

Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

Leather:

As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.

Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. Treat the leather at least four times a year using only special leather treatment products. Visit ca-mo.com for further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products.

Connect Soft Modular Sofa Cushion

CONNECT SOFT MODULAR SOFA—ORDER GUIDE

The Connect Soft Modular Sofa brings together elegantly slender proportions with a deeply inviting and ultra-soft comfort. Being at the heart of any space, its modularity allows for its user to tailor the design to their exact taste and space.

Choose between 9 predesigned configurations or create your own choosing from 9 seating modules and optional cushions, following the guidelines below.

Visit planner.muuto.com to create your own configuration online.

Create your own Connect Soft Configuration

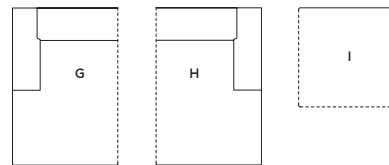

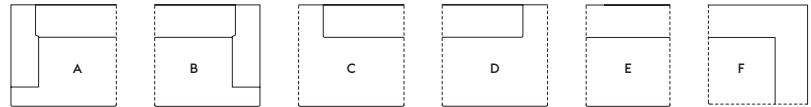

1. SEATING MODULES

Select your desired seating modules.

Add the item numbers of the desired textile separately to your order.

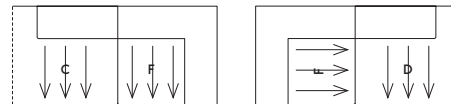

Note

You can only connect seating modules with pre-mounted linking brackets on the sides, illustrated here with dotted lines. Pouf Module I can either be connected to other modules with pre-mounted linking brackets or be used as a freestanding module.

Textile direction

Corner Module F is designed to be used as corner. If used as End Module with armrest, the textile direction can differ. Modules connected on the left side of Corner Module F will have the same textile direction. The textile direction of modules connected on the right side will run into the opposite direction.

2. CUSHIONS

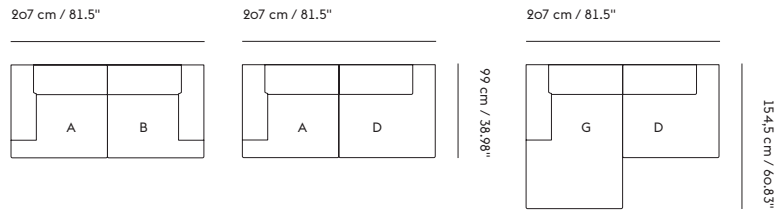

Specify optional cushions in the desired textile for added comfort and a lounging expression.

Corner Configurations

General note

The total dimensions of the configurations are indicative and can vary due to the inherent softness of the design and depending on how close the modules are placed as well as how many modules that are combined.
